### DESIGN & PRODUCTION

Savir Design A/S

### DESCRIPTION

Change Me is a Modular furniture system designed to accommodate a long range of functions such as lounges, common areas, libraries, schools and colleges.

Change Me is simple and yet advanced. The Modulees can be shaped in a myriad of setups and expanded as needed. Change Me encourages users to sit, lie down and stand - work and rest.

Change Me is produced for hard use, and only the best materials are used.

### ENVIRONMENT

At Savir Design, it is important that our suppliers, in the same way as Savir Design, complies with environmental laws, both in terms of production and waste management. We strive to minimize the impact on the environment both internally and externally. Therefore, we only select suppliers that are environmentally certified ISO 14001.

We guarantee a long life for each product. But our environmental efforts go beyond the production, because it is also important to us that our products can be disposed of with as little imprint as possible, and our furniture can therefore, after the end of its life cycle, easily disassembled and source sorted. Our goal is 100% circular production.

### WARRANTY

Savir Design provides a 2-year warranty on Change Me.

The warranty covers damage to the frame and damage caused by inadequate workmanship in normal use. Wear or damage to covers, surfaces and the like is not covered by this warranty.
