## GATE REFLECT II 5620

### DESIGN & PRODUCTION

Architect Thomas Pedersen | Savir Design A/S

### DESCRIPTION

The Gate Reflect II chair exudes personality with its organic design. The chair is ideal for canteens, auditorium areas and conference rooms. It is easy to clean and is therefore well suited for environments where a lot of people encounter.

The Gate Reflect II chair has been produced focussing on the environment. Black and grey shells are made from at least 50% recycled PP. The frame consists of recycled steel manufactured in accordance with RoHS Directive 2011/65/EC and REACH Directive 2002/95/EC.

♻️ All components of the product can be disassembled and replaced or source sorted and recycled to reduce the consumption of raw materials in production and thus contribute to the sustainable management of the earth's resources. Savir Design receives all used Savir products for recycling at the end of its life cycle to promote the circular economy and thus reduce the overall environmental impact of production and consumption.

### VARIANTES

Gate Reflect II 5620

Gate Reflect II 5620 with seat upholstery

Gate Reflect II 5620 fully upholstered

### MODEL 5620

Height 81,5 cm  
Width 59 cm  
Seat height 46 cm  
Seat depth 45 cm  
Seat width 44 cm  
Armrest height 68 cm

### MODEL 5620 WITH SEAT UPHOLSTERY

Height 81,5 cm  
Width 59 cm  
Seat height 46 cm  
Seat depth 45 cm  
Seat width 44 cm  
Armrest height 68 cm

### MODEL 5620 FULLY UPHOLSTERED

Height 81,5 cm  
Width 59 cm  
Seat height 46 cm  
Seat depth 45 cm  
Seat width 44 cm  
Armrest height 68 cm

## GATE REFLECT II 5620

### ENVIRONMENT

Savir Design is among the leading furniture manufacturers concerning environmental and climate-oriented furniture production. The materials we use in production are carefully selected, and our range of furniture produced from recycled materials is growing rapidly.

All steels in production are RoHS Directive No. 2011/65/EC and REACH Directive No. 2002/95/EC, and aluminum frames are made of up to 100% recycled aluminum. We use environmental chrome coatings complying with the standards for lacquer coating (DS/EN ISO 1456) and thereby eliminating any risk of nickel allergy.

For all wooden shells and seat pieces in the chair production only FSC-certified wood is used, which i.a. provides a guarantee that no more trees will be felled than the forest can reproduce. The plastic materials used are produced in accordance with the limits of PAK (polycyclic aromatic hydrocarbons) - a selection is produced wholly or partly from recycled PP.

We also offer several sustainable types of fabric, which are made of up to 100% recycled polyester that is produced from plastic granules from plastic bottles.

In addition, we guarantee a long life for each individual product. Once the used furniture has served its function, it can be returned to Savir Design for recycling. In this way, we save on the earth's resources and ensure that our products remain part of the circular economy.

### WARRANTY

Savir Design provides a 5-year warranty on Gate Reflect II.

The warranty covers damage to the frame and damage caused by inadequate workmanship in normal use. Wear or damage to covers, surfaces and the like is not covered by this warranty.
