REFLECT 5500

DESIGN & PRODUCTION

Architect Thomas Pedersen | Savir Design A/S

DESCRIPTION

The REFLECT chair exudes personality with its organic design. The chair is ideal for classrooms and educational areas. It is easy to clean and is therefore well suited for environments where a lot of people encounter.

The REFLECT chair has been produced focussing on the environment. Black and grey shells are made from at least 50% recycled PP. The footbase consists of 30% fiberglass-reinforced polyamide for higher strength and longer durability.

♻️ All components of the product can be disassembled and replaced or source sorted and recycled to reduce the consumption of raw materials in production and thus contribute to the sustainable management of the earth's resources. Savir Design receives all used Savir products for recycling at the end of its life cycle to promote the circular economy and thus reduce the overall environmental impact of production and consumption.

🇪🇺 REFLECT 5500 with black shell and black frame is granted with the EU Ecolabel.
