CONCEPT FOLDING & STATIONARY TABLES

DESIGN & PRODUCTION

Savir Design A/S

DESCRIPTION

The CONCEPT tables are the perfect choice for the small canteen as well as the large dining room as well as conference and meeting rooms.

The CONCEPT folding table is made of the best and lightest materials for durability and stability. With the possibility of linking device, integrated castors and stacking on a transport trolley, moving the robust folding tables couldn't be easier. The CONCEPT folding table is available in several sizes and materials. Chair suspension can be added.

22 mm plate with 2 mm straight, shock-absorbing ABS edge. Surfaces in decor laminate, CPL laminate, veneer or linoleum.

Height 73.5 cm - can vary by up to 7 mm depending on material

CONCEPT stationary table is available with 4 individual legs. Cannot be mounted with chair suspension.

ENVIRONMENT

Savir Design is among the leading furniture manufacturers concerning environmental and climate-oriented furniture production. The materials we use in production are carefully selected, and our range of furniture produced from recycled materials is growing rapidly.

All steels in production are RoHS Directive No. 2011/65/EC and REACH Directive No. 2002/95/EC, and aluminum frames are made of up to 100% recycled aluminum. We use environmental chrome coatings complying with the standards for lacquer coating (DS/EN ISO 1456) and thereby eliminating any risk of nickel allergy.

For all wooden shells and seat pieces in the chair production only FSC-certified wood is used, which i.a. provides a guarantee that no more trees will be felled than the forest can reproduce. The plastic materials used are produced in accordance with the limits of PAK (polycyclic aromatic hydrocarbons) - a selection is produced wholly or partly from recycled PP.

We also offer several sustainable types of fabric, which are made of up to 100% recycled polyester that is produced from plastic granules from plastic bottles.

In addition, we guarantee a long life for each individual product. Once the used furniture has served its function, it can be returned to Savir Design for recycling. In this way, we save on the earth's resources and ensure that our products remain part of the circular economy.

WARRANTY

Savir Design provides a 2-year warranty on Concept flip tables.

The warranty covers breakage of frames and damage caused by defects craftsmanship in normal use. Wear or damage to wheels, surfaces and the like is not covered by this warranty.

TEST

(The complete test can be downloaded on www.savirdesign.dk)

Concept has been tested for durability at the Danish Technological Institute.
